Contact for Nominator if Not Candidate:

Name: _____

Address: _____

Telephone Number _____ **Email** _____

Bio of Nominee (Self) (Attach sheet if necessary): _____

My background is in sales and business administration. When I turned 18 I started my own successful small business and managed it for 7 years. Over the next 20 years I enjoyed a fulfilling career in electronic distribution, including establishing and running a branch office for a national distributor. My team approach has served me well and greatly contributed to my success. Earlier this year we began a grass roots effort to unite and reclaim our association to restore SAPOA to the friendly volunteer-run organization we have always been. I look forward to continuing to meet and recruit talented members to support our organization. Adherence to simple core values including honesty, fairness, respect, transparency and communication enables us to resolve any issues ourselves without having to pay for costly professional services. These uniting qualities ultimately produce the best relationships creating this community I am proud to be part of. Once again SAPOA truly is of the people, by the people and for the people!

(Signature Nominator): *Kathleen Keehn*

(Signature Nominee if Applicable):
